

Sociedad Española de Patología Forense

Dr. Ulrik Baandrup
President
Association for European Cardiovascular Pathology

Seville, September 8 2010

Dear Dr. Baandrup,

On behalf of the Spanish Society of Forensic Pathology, I have the honour to present the official candidacy of Cadiz to hold the 5th Biennial Meeting of the AECVP in 2012.

Cadiz is getting ready for 2012 and its bicentenary celebrations of the Spanish Constitution of 1812, known popularly as "La Pepa".

Enclosed you will find the dossier we have prepared to present our candidacy, and a letter of support from the Spanish Society of Anatomical Pathology, one of the many societies and institutions supporting this proposal.

I am looking forward to receive any news from you. With best wishes,

Joaquín Lucena, MD Ph D
AECVP Fellow
Chief Forensic Pathologist
Institute of Legal Medicine. Seville
SEPAF President
Associate Professor. Pablo de Olavide University (Seville)
